

The Premier logo features three blue squares of varying sizes arranged in a 2x2 grid, with the bottom-right square missing. To the right of the squares is a registered trademark symbol (®). Below this is the word "PREMIER" in a large, bold, blue sans-serif font. To the right of "PREMIER" is the tagline "UNIFORMS THAT WORK FOR YOU" in a smaller, grey, sans-serif font.

ORDERING & SUPPORT

Ordering: Orders should be faxed through to:
[+44 \(0\) 1244 289038](tel:+441244289038)
Or emailed to sales@premierworkwear.com

Carriage: UK Distributors
Minimum number of cartons for a carriage free order is 10 cartons
This will normally be shipped on a next day carrier.
Orders under 10 cartons will be subject to a charge of £4.50 per carton.

EU Distributors
Minimum number of cartons for a carriage free order is 20 cartons
This will normally be shipped on a 3-5 day carrier.
Orders under 20 cartons will be subject to a charge of 8 € per carton.

Order cut off: We will always endeavour to ship your order the day it is received, however please place your order as early as possible to avoid disappointment.

Orders placed after 2pm can not be guaranteed

Pre book & Bulk Orders Discounts for pre-booked orders and a large order discount are given below:

Pre-book discount of 6% is offered on containers of aprons/ tabards or shirts/blouses.
Please see the pre-book spread sheet for details.

Bulk discount 200 delivered cartons - 2%

Discontinued: Products In return for its distributors loyalty when Premier discontinues product we accept back anything you still have left in stock for a full credit. Distributors are required to hold stock of 95% of SKU's to retain this benefit.
All returns must comply with our returns procedure detailed on page 13.

Price Reductions: Should Premier lower the buying price of its items this change will be effective immediately. This is to allow the distributor the full benefit of the change for as long as possible before the selling price is lowered.

LARGE USER SCHEME

Premier has introduced a large order scheme designed to make Premier more competitive on large orders. The scheme involves Premier shipping products direct to your customers on orders of 15 cartons or more.

How the scheme will operate:

The customer receives 16% off the suggested carton price for ordering 15 cartons or more of selected Premier styles listed below.

- Premier will ship direct to the customer, from its warehouse and will pay for the cost of carriage.
- The distributor invoices the customer as a ship direct order.
- The distributor will be invoiced by Premier for the goods with a discount of 5% off the normal distributor buying price. This equates to a 15.3% gross profit margin for the distributor for handling the order without having to handle the goods.
- All orders must be shipped to a **3rd party address in mainland UK only**.
- **All orders must be paid for by the distributor on 7 days – and will qualify for the normal settlement discount.**
- All product ordered must be **from Premier's available free stock** (product will not be back ordered at the large order scheme price).
- All orders must be made up of full cartons only (one colour one style per carton).
- Stock to be received as one whole order and not split to different destinations.
- Orders can be placed until 2pm, by fax or email and will be despatched that day, for next working day delivery.
- Please mark orders clearly with "LARGE USER SCHEME".
Any shipment of orders to a 3rd party address and subsequent movement of the goods back to the distributors warehouse will be viewed as the distributor not acting in the spirit of the scheme and may bar them from future participation.

Example:

			Suggested Carton		Distributor Price	Distributor Margin
Current Price List	PR150 Aprons	£	3.70		£ 2.74	26.0%
				16% off	5% off	
Large User Scheme	PR150 Aprons	£	3.11		£ 2.60	16.4%

Styles which are included in the scheme:

A mixed order of 15 full cartons of any of the following styles.

PR101	PR159	PR300	PR622
PR102	PR161	PR301	PR623

EXPLANATION OF PREMIER FABRIC LOGOS 2014

The Premier Logo is Premier Clothing Ltd's registered trademark for its range of corporate and workwear items. Please ensure it is displayed correctly.

Option 1. Only to be used when displayed against a white background, no "key-line" is required.

Option 2. To be used when the logo is displayed against a light background or photograph, please ensure it is displayed with a blue key-line as shown.

Option 3. When displayed against a blue background the logo can be displayed in its opposite colour way.

Coolmax fabric has been incorporated into a new Premier style. The unique composition of this fabric moves perspiration quickly to the outside where it evaporates, and provides ultimate comfort for the wearer.

Please see Page 9 for more information.

We have incorporated Klopman fabric into our key styles. Klopman have set the fabric quality standard for the workwear industry and have built a reputation on fabric excellence. Chosen for its superior durability, colour fastness and shade consistency, Klopman fabric manages to prolong the life and style of products manufactured from this superior material.

Please see Page 7 for more information.

Klopman fabric now carries the EU's "Eco Label" standard

The EU Eco-label scheme has been introduced to help consumers make informed and reliable choices about the products they buy. At the same time it aims to promote the sustainable production and consumption and stimulate the supply and demand of a wide range of products with a reduced environmental impact.

"The fabric used to make this garment has been independently verified by the European Union as having been manufactured in an environmentally responsible and sustainable way"

The Easy care logo indicates where we have used fabrics which have been chosen for their high levels of wash ability, stability, soil resistance and appearance.

Our ever popular Oxford shirts & blouses now incorporate our "Wrinkle Free" finish, helping to enhance the garments look and appearance.

The cotton rich logo is shown against styles which contain a high content of cotton, giving blend of fabric which has the performance and colour retention of man-made fibres, combined with the comfort of cotton.

The pure cotton logo is shown where the fabric is of 100% cotton. These fabrics give superior comfort to the wearer and excellent absorption when used in our aprons.

The Fairtrade logo symbolises those garments that are made with 100% Certified Fairtrade Cotton. Fairtrade is a well known logo and important for ethical consumers and businesses. The logo proves that we are passing on the benefits of sales to the farmers so that they get the maximum benefit. We want to work hard to help those less fortunate than ourselves and feel that we can not exploit the raw materials available in other countries without fully compensating them.

The OEKO-TEX® Standard 100 is an independent test and certification system for textile raw, intermediate and end products at all stages of processing. The tests for harmful substances cover: legally banned and controlled substances; chemicals known to be harmful to the health (but not yet legally controlled); parameters for health protection. Taken in their entirety, the requirements go far beyond existing national legislation.

What is Klopman?

Klopman have set the quality and fabric standard for the workwear industry and have built a reputation on fabric excellence. Chosen for its superior durability, colour fastness and shade consistency, Klopman fabric manages to prolong the life and style of the products manufactured from this super material.

Klopman now carries the EU's "Eco-label" standard. The EU Eco-label scheme has been introduced to help consumers make informed reliable choices about the products they buy. At the same time it aims to promote the sustainable production and consumption and stimulate the supply and demand of a wide range of products with a reduced environmental impact. For example, all liquid by-products in the production of the Klopman range are neutralised before discharge into an on-site effluent treatment plant and wherever possible water is recycled. The whole Klopman range also carries the Oko –Tex Standard 100 'Confidence in textiles' which promotes the use of environmentally friendly materials and manufacturing methods. This also ensures conformity to the European Directive relating to Azo colourants.

Premier uses a variety of Klopman fabrics for its work and hospitality ranges that are appropriate for different working environments.

Klopman Indestructible 245gsm is established as Europe's top selling men's workwear fabric, Indestructible (and the lighter weight Superbandmaster 210gsm) have been specifically developed to meet the stringent performance criteria demanded for high temperature industrial laundering and garment rental contracts.

As well as being extremely durable and hardwearing both fabrics also offer exceptional colour consistency and stability to help ensure that garments retain their smart appearance.

Klopman Superbandmaster 210 gsm - Klopman polyester cotton with crease resist finish. This fabric has exceptional colour consistency and stability and like the heavier "Indestructible", it has protective and performance qualities. It is perfect for our range of aprons and tabards.

What is Coolmax®

The advanced technology of Coolmax® fabrics is going to change the way that we behave. Coolmax® fabrics bring users unique comfort during the normal exertions of everyday life or the more intense exertions of sporting activity. Besides its technical performance, Coolmax® improves your comfort and therefore influences your well-being and your state of mind. A physical well-being naturally brings you peace of mind and with Coolmax®, you feel fresher, more focused, and ready to tackle the next challenge.

Technical Highlights

- Excellent moisture management
- Superior overall comfort

Coolmax® is a high tech fabric specifically and uniquely engineered to keep users dry and comfortable. Coolmax® fabrics are made from specially engineered polyester fibres from ADVANSA with an increased surface area. This special four-channel or six-channel fibre forms a transport system that pulls moisture away from the skin to the outer layer of the fabric. It then dries that moisture faster than other fabrics to thermo-regulate the body by evaporative cooling.

Benefits of Coolmax®:

Coolmax® transports more liquid moisture than other fabrics, natural or synthetic. Because of its unique fibre construction, Coolmax® moves perspiration quickly to the outside where it evaporates.

Coolmax® fabrics made of both filament and staple yarns scored “good” to “very good” for any type of garments.

The fine denier of the special fibres used in Coolmax® fabrics, with their biaxial, symmetrical cross-section and special copolymer give fabrics a very soft, supple hand-feel.

Marketing Description

Add a bit of colour and contrast to your apron with Premier's Apron Pouch. This handy pocket can be attached with a belt, or with apron waist ties, creating a useful place for pens, pads, payments terminals and much more. Fully complementing our apron and shirt range the apron pouch is the ideal accessory for hospitality environments.

Marketing Description

The "Camellia" Beauty and Spa Tunic has an understated elegance with a cross over neckline and asymmetric zip front. The vented cuff on the short sleeves and the side vents ensure ease of movement whilst the princess seams with added topstitch detail create a very flattering fit. In Easycare fabric the "Camellia" Tunic is ideal for Beauty and Spa environments.

ETHICAL POLICY

Premier Ethical Policies

1. Introduction

Premier Clothing Ltd (“Premier”) strives to conduct business to the highest ethical and environmental standards seeking to use and utilise manufacturers that do the same. Premier has its own detailed code of conduct, which is integral to its business and that all suppliers and their sources must adhere to. Premier’s code of conduct is based on current best practices with regard to employment ethics, health and safety practices and environmental practices; so that when a customer purchases our goods they know that they have been produced under acceptable conditions. That means that the goods must have been produced:

- lawfully, through fair and honest dealing;
- without exploiting the people who made them;
- in decent working conditions;
- reducing the environmental impact during production and transportation.

Premier has the right to run audits and spot checks by themselves or by external parties on premises without their prior knowledge to verify that they are behaving in an appropriate manner. Third party audits are also carried out by independent bodies such as BSCI and WRAP.

2. Employment

All suppliers must meet the local laws on conditions such as minimum wages, hours of work, overtime and deductions. Or, where determinable the prevailing industry wage for the type of work involved. (International Labour Organisation (ILO) Conventions 1, 26, 95,131 and Recommendation 85)

3. Employing children

Premier does not condone the use of child labour and our suppliers must not employ children, other than under the ILO Convention 138 and Recommendation 146. Premier does support legitimate, legally sanctioned, apprentices and educated-related work as long as the child is not being exploited, there is no risk to the child’s health, education and development, and you have the permission of the child’s parents. (Article 32 of the United Nations Convention on the Rights of the Child)

4. Forced labour

Forced labour, whether in the form of prison, bonded or uncompensated labour is not used. People are not forced to work for our suppliers by threatening them with a penalty. (ILO Conventions 29 and 105, Recommendation 35).

5. Disciplinary practices

Every employee must be treated with respect and dignity. No employee is treated with threatening behaviour, physical punishment or any form of mental or verbal abuse.

6. Non-Discrimination

Premier suppliers employ and deal with all their employees fairly and without discrimination. (ILO Convention 100 and 111 and Recommendation 90 and 111) This is regardless of age, sex, race, religion or disability.

7. Freedom of association

Suppliers acknowledge that employees have the right to associate or unionise with any organisation that is legal in that country (ILO Convention 87).

8. Health, safety and welfare

Premier's suppliers all provide a safe place of work, meeting all local laws relating to health, safety and welfare in the workplace. This means:

- Every effort is made to prevent accidents or injury.
- Health and safety procedures are implemented and employees are regularly trained and tested in what to do in certain situations.
- There is always adequate lighting and ventilation; and
- clean drinking water is always available

9. Environment

Premier is continuing to develop its environment practices both in the production of the garments, the choice of fabrics used and the Premier working environment. Key examples of these procedures are:

9.1 Garment production

All companies comply with the EU general Product safety Directive 2001/95 EC. Premier is working towards all suppliers complying with the requirements of the Azo dye directive and Nickel directives meaning that no Dangerous substances and Preparations are used during the make up of any of its garments. Premier is constantly working to minimise the waste fabric during production operations

9.2 Fabrics

Premier uses Klopman fabric in some of its garments which carries the EU "Eco-label" standard which means that all these products have been manufactured in an environmentally responsible and sustainable way. All liquid by-products in the production of the Premier Klopman range are neutralised before discharge into an on-site effluent treatment plant and wherever possible water is recycled. Premier is working towards all the range carrying the Oko –Tex Standard 100 'Confidence in textiles' which promotes the use of environmentally friendly materials and manufacturing methods. This also ensures conformity to the European Directive relating to Azo colourants

9.3 The Azo Dye Directive EU Directive 2002-61-EC, and subsequent amendments

This directive covers those Azo dyes, which are degradable to carcinogenic aryl amines, and is applicable to Textiles and Leather used in finished articles or their dyed parts, which may come into direct and prolonged contact with the human skin or oral cavity.

National Laws implementing the new directive restrict azo-colourants (dyes) in textiles and leather, replacing current restriction in Germany, Austria and the Netherlands. (The German and Austrian requirements for Azo-pigments will be retained, as they are not covered under this directive.)

The requirements of the directive will be enforced by trading standards authorities, who will expect the retailer and supply chain to be able to demonstrate due diligence with respect to their enforcement of the requirements. Their expectations may extend beyond a paper trail, to a requirement for random spot checks on actual product.

When engaging in business we always conduct a full factory audit and anyone working with us must adhere to Premier's own detailed code of conduct, which is integral to its business and that all suppliers and their sources must adhere to. Premier's code of conduct is based on current best practices with regard to employment ethics, health and safety practices and environmental practices which include conforming to the Azo Dye Directive EU Directive 2002-61-EC; so that when a customer purchases our goods they know that they have been produced under acceptable conditions. That means that the goods must have been produced:

- Lawfully, through fair and honest dealing;
- Without exploiting the people who made them;
- In decent working conditions;
- Reducing the environmental impact during production and transportation;
- All dyes comply to EU regulations with regard to harmful dyes

9.4 REACH

REACH is a European Union regulation concerning the Registration, Evaluation, Authorisation and restriction of CHemicals. It's aim is to protect human health and the environment from the risks arising from the use of chemicals. It came into force on 1st June 2007 and replaced a number of European directives and regulations with a single system.

Hazardous chemicals are defined as Substances of Very High Concern (SVHCs) and are listed on the European Chemicals Agency (ECHA) website at http://echa.europa.eu/chem_data/authorisation_process/candidate_list_table_en.asp

Premier can confirm that the products supplied to you via Premier Clothing Ltd conform to current REACH regulations and do not contain any of the harmful substances controlled under its restricted substances list.

9.5 Head Office recycling

- Toner cartridges from laser printers are returned to the manufacturer for recycling;
- All cardboard waste from the warehouse is recycled;
- Premier is working towards all their plastic bags carrying recyclable logos;
- Use of environmentally friendly office consumables where possible;
- Collection point for office staff to recycle paper;
- Email is our preferred method of communication to reduce the amount of paper used.

10 Independent Verification

Premier is currently working to ensure that all factories comply with WRAP (Worldwide Responsible Accredited Production) or BSCI (Business Social Compliance Initiative) standards. This project will be complete by the middle of 2014.

10.1 WRAP

WRAP is an independent, objective, non-profit team of global social compliance experts dedicated to promoting safe, lawful, humane, and ethical manufacturing around the world through certification and education. The 12 principles of WRAP are as follows:

- **Compliance with Laws and Workplace Regulations** Facilities will comply with laws and regulations in all locations where they conduct business.
- **Prohibition of Forced Labor** Facilities will not use involuntary, forced or trafficked labor.
- **Prohibition of Child Labor** Facilities will not hire any employee under the age of 14 or under the minimum age established by law for employment, whichever is greater, or any employee whose employment would interfere with compulsory schooling.
- **Prohibition of Harassment or Abuse** Facilities will provide a work environment free of supervisory or co-worker harassment or abuse, and free of corporal punishment in any form.
- **Compensation and Benefits** Facilities will pay at least the minimum total compensation required by local law, including all mandated wages, allowances & benefits.
- **Hours of Work** Hours worked each day, and days worked each week, shall not exceed the limitations of the country's law. Facilities will provide at least one day off in every seven-day period, except as required to meet urgent business needs.
- **Prohibition of Discrimination** Facilities will employ, pay, promote, and terminate workers on the basis of their ability to do the job, rather than on the basis of personal characteristics or beliefs.
- **Health and Safety** Facilities will provide a safe and healthy work environment. Where residential housing is provided for workers, facilities will provide safe and healthy housing.

- **Freedom of Association and Collective Bargaining** Facilities will recognize and respect the right of employees to exercise their lawful rights of free association and collective bargaining.
- **Environment** Facilities will comply with environmental rules, regulations and standards applicable to their operations, and will observe environmentally conscious practices in all locations where they operate.
- **Customs Compliance** Facilities will comply with applicable customs laws, and in particular, will establish and maintain programs to comply with customs laws regarding illegal transshipment of finished products.
- **Security** Facilities will maintain facility security procedures to guard against the introduction of non-manifested cargo into outbound shipments (i.e. drugs, explosives biohazards and /or other contraband).

10.2 BSCI

In 2003, BSCI was established by the Foreign Trade Association (FTA) in order to create consistency and harmonisation for companies wanting to improve their social compliance in the global supply chain. BSCI aims to establish a common platform for the various European companies Codes of Conducts and monitoring systems, it also lays the groundwork for a common monitoring system for social compliance. The experience and the know-how gained by companies and associations from their monitoring systems were the foundations of the BSCI approach and management instruments. In 2004 the development phase was achieved and the system has since been implemented worldwide. The goals for the BSCI code of conduct are as follows:

- Freedom of association and the right to collective bargaining are respected.
- No discrimination is practised
- Child Labour is prohibited
- Legal minimum and/or industry standard wages are paid
- Working hours are compliant with national laws and do not exceed 48 hours regular + 12 hours overtime
- There is no forced labour and disciplinary measures
- The workplace is safe and healthy
- The environment is respected
- There is a policy for social accountability
- There is an anti-bribery and anti-corruption policy

Terms and Conditions

1. General

The Company shall be named Premier Clothing LTD and the Buyer shall be the person, firm or company ordering the goods. These Conditions shall apply to every order accepted by the Company and no variation or obligation shall be effective unless given in writing by the Company and signed by a Director. Orders are accepted on the understanding that if any conflict arises between the Company's Conditions of Sale and any terms or conditions of the Buyer then the Company's shall prevail in all cases. The placing of an order by the Buyer is deemed as acceptance of the Company's Conditions of Sale.

2. Quotations

Quotations and tenders given by the Company shall not be binding until the Buyer has received the Company's written acceptance.

3. Prices

Prices are subject to change without notice. The price charged for goods will be that ruling on the date of receipt of order. Prices are subject to the addition of Value-Added Tax at the rate ruling on the date of the invoice.

4. Carriage

The Company shall reserve the right to charge for carriage of goods to the Buyer.

5. Delivery

Any delivery dates indicated by the Company, verbally or in writing are provisional only and not of any contractual effect. The Company shall not be liable in respect of any failure to deliver on any particular date and the Buyer shall not be entitled to cancel any order as a result of delayed delivery. The Company shall be entitled to make part deliveries. Delivery shall be deemed to take place when the goods are delivered to the Buyer's address as notified to the Company. Any apparent discrepancy to delivered quantities or damage to the goods must be notified by the Buyer to the Company within three days of receipt and written confirmation must be received by the Company within seven days of receipt. If the Buyer fails or refuses to take delivery, the Company shall be entitled to immediate payment in full for the goods so tendered, notwithstanding the Company's payment terms stated herein, and shall be entitled to dispose of the goods in such manner as the Company may determine.

6. Payment

Unless otherwise agreed in writing by the Company, payment of each invoice **is due at thirty days from the date of the invoice**. Any extension of credit allowed by the Company to the Buyer may be changed or withdrawn at any time. The Company reserves the right to charge interest on overdue accounts at the rate of 4 per cent per month to run from the date due for payment to receipt of payment by the Company whether before or after Judgement.

The Buyer shall also reimburse the Company all expenses incurred in the collection of such overdue sums. If the Buyer is overdue with any payment to the Company, then the Company may suspend the delivery of any other order.

7. Insolvency

If the Buyer ceases to pay debts in the ordinary course of business or cannot pay debts as they become due or, being a company, is deemed to be unable to pay its debts or has a winding-up petition issued against it or, being a person, commits an act of bankruptcy or has a bankruptcy petition issued against the Buyer, the Company without prejudice to other remedies, shall:-

- a) have the right not to proceed with any order for the Buyer and be entitled to charge for the work already carried out whether completed or not and for materials purchased for the Buyers, such charge to be an immediate debt due to the Company, and
- b) be entitled to immediate payment of any outstanding debt, irrespective of the due date(s) previously quoted

8. Title

The title in all good supplied by the Company remains with the Company until full payment has been received.

9. Force Majeure

Any quotation made or order accepted assumes no shortage of raw material, fuel or power, (notwithstanding that the Company has taken reasonable steps to procure the same), shortage of labour or transport, breakdown or partial failure of plant and machinery at the Company's works, nor interruption in the normal operation of the Company's works arising from Act of God, Government action or any acts, orders or regulations of Government action or any industrial disputes, accident, fire, the elements, war, terrorist acts, civil commotion, riots, or any other cause of whatsoever nature beyond the control of the Company, and no liability can be accepted by the Company for any loss or damage resulting from such circumstances.

10. Liability

Liability on the Company's part for any loss, damage, or expense (including consequential or special loss, damage, or expense), is hereby excluded in so far as such liability is incurred.

11. Waiver

Failure of the Company to enforce any rights hereunder shall not be deemed to be a waiver of any such rights, nor operate so as to bar the exercise or enforcement thereof at any time or times thereafter.

12. Law

These Conditions and all other express terms of the contract shall be governed and construed in accordance with the laws of England and Wales.

Damaged or defective products

If in the purchaser's opinion the goods sold do not meet the required standard set for each garment then please do not hesitate to contact Premier detailing the problems with the item. All refunds will be looked at on an individual basis so please send with as much information as possible to ensure a swift response. When returning the goods please follow the returns procedure below.

Returns procedure

Please call/email us to advise what you will be returning and the quantities.

At this time you will be issued with a returns number. Please write this on each box being returned along with a full list of the stock you are returning.

All products must be in original packaging and in Premier Cartons, or if none available plain cartons. Items incorrectly packaged will be returned (with the exception of individual pieces)

At this time please confirm the expected date back into Premier.

All Returns to be addressed to: Premier Clothing Garment Technologist, Unit 7, Zone 3, Deeside Industrial Park, Deeside, CH5 2UA

All items that have been worn/used regardless of the condition and the reason for the refund must be washed prior to returning. ANY garments not washed will be returned without a refund.

By printing/embroidering the garments the customer is confirming that they are happy with the goods and therefore Premier will not refund this cost. All credits are issued at Premier's discretion

Photographs & brand logo usage

1. The images and intellectual property rights always remain the property of Premier Clothing Ltd.
2. The images cannot be altered in any way without the prior written permission of a Director of Premier Clothing. In the event a breach of our terms and conditions is committed, Premier Clothing accepts no legal responsibility and the responsibility for the infringement is passed automatically to the offending party.
3. The images & trademark can only be used up until 31st December 2013. After this date, Premier Clothing accepts no further legal responsibility for copyright infringement, royalties or any other legal disputes, which may arise regarding the unauthorised usage of the images.
4. Premier Clothing reserves the right to withdraw your usage of some or all of the images provided at any time.
5. The images & trade mark provided are for use by Premier Clothing customers only and may not be resold or redistributed to any third party without the prior written permission of a Director of Premier Clothing.
6. The images & trademark can only be used for the promotion and sales activity of business to business and business to consumer sales channels for plain & decorated apparel as detailed below: -
LOW RESOLUTION: (email, sales quotations,)
HIGH RESOLUTION: (brochures, mailers, general marketing literature, paper media).
7. The images provided cannot be used for posters, billboards or images larger than A4 size without the prior written permission of a Director of Premier Clothing.
8. Improper usage of the images e.g. low res images used when hi res should be used for such purposes as paper media, brochures, mailers etc will be deemed as an infringement of the terms and conditions and thus may result in the images being withdrawn.

No artwork or imagery of either of the Premier brands is to be used on any Internet auction sites.
